PAAAS BUNDEL

Beste ouders

In deze bundel zitten enkele leesblaadjes, om het lezen te onderhouden. Ook lezen in het ringboekje en leesboek of woorden maken met het klikklakboekje kan.

Optellen/afrekken tot 10 automatiseren kan via de flitskaartjes, maar dit kan ook op een speelse manier (bv tafeldekken, gezelschapsspel spelen..). Ook op de computer kan er geoefend worden: via Bingel, Computermeester...

Met vriendelijke groet

Juf Caroline

Ik ben mank.
Maar hoe ik ook jank,
ik ben en blijf mank.'

Er was nog een vink.
Ook die vink was mank.

Met zijn twee zijn wij de bink.'
Kijk, daar gaan ze: vink en vink.

Mijn ma is dol op rauw.
Op peen en biet en kool.
Ze lijkt wel op een haas.
Zo nu en dan kookt ze wat.
Maar vaak is het sla, sla, sla.

Mijn pa en ik zijn zo niet.
Wij zijn meer gek op friet.
Op friet met friet-saus.
Ja, dat is fijn.
En er na een bak met vla.

Heel lang was mijn ma de kok.
Dus toen was er heel vaak sla.
En nu?

En dat is pret voor twee.
Zij maakt sla en hij bakt friet.
En ik zorg voor de vla.

Er was eens een prins.
 Die ging niet in bad.
 Hij was bang voor zeep.
 Hij stonk echt heel erg.
 Zijn haar was woest.
 Zijn jas was stuk.
 En op zijn hoed zat geen pluim.

Zijn pa was niet trots.
 De prins zag er niet uit.
 Zo kreeg hij vast geen vrouw.
 Echt niets en niets hielp.
 De prins bleef een viespeuk.

Met hier een big en daar een big.
Met een hoop mest in de buurt.
En de prins heeft het naar zijn zin.

Juf Wiesje staat voor de klas.

'Er klopt iets niet,' zegt ze.

'Loesje had een koekje.

Nu is dat koekje weg.

Wie heeft dat koekje op?'

Juf Wiesje kijkt naar de klas.

'Ik weet van niks,' zegt Daantje.

'Ik ook niet,' zegt Noortje.

Ze heeft wel kruim op haar wang.

En Jantje zegt: 'Ik deed niks, hoor.

Ik wist echt niet,

dat Loesje een koekje in haar jaszak had.'

Weet jij wie het deed?

Was het Noortje of Daantje?

Of Jantje?

Hoe wist hij van het koekje in de jaszak?

Elk mens werkt voor zijn brood

De smid stookt zijn vuur heet.
Hij maakt van staal een zwaard.

De kok kookt zuurkool.
Hij schept het op een bord.

De boer plukt zijn boom leeg.
Hij geeft je een mand vol fruit.

En is je haardos nogal wild?
Ik weet wie hem voor je knipt.

En is er een mens met te veel geld?
Dan volgt hier een heel goed plan.

Koop dat voor mij.
